AUSTRALIA

Dear Secretary

## Review of Australia's Plasma Fractionation Arrangements

I write to register the Royal Australasian College of Surgeons' interest in the review of Australia's plasma fractionation arrangements to be conducted by a Commonwealth Review Committee in 2006.

The College has an interest in plasma fractionation arrangements and is satisfied with the standards and quality of the current service.

The College is keen to ensure that changes do not adversely affect the high standards currently in place.

We look forward to receiving further information regarding the review of Australia's plasma fractionation arrangements and support the review process.

Yours sincerely

Dr Ian Dickinson  
**Chair, Professional Development and Standard Board**
