

# Corrections for the NPAAC Errata and Corrigenda

(as of 7 October 2021)

## Requirements for Information Communication and Reporting (Fourth Edition 2020)

1. Reference to SPRC in the Abbreviation Table (page iv) – corrected from “Structured Protocols for Reporting Cancer” to SPRC “Structured Pathology Reporting of Cancer”.
2. Correction to the reference to Standard 6 on page 22 to refer to Standard 8.
3. Correction to page 22 from “The format that results are reported” to read “The format of results that are reported”.
4. Correction to citations on page 22 - S6.2(i) and C6.2(i) corrected to <sup>3</sup> instead of <sup>4</sup> and citation to <sup>4</sup> added to C6.3(i).

## Requirements for the Communication of High-Risk Pathology Results (First Edition 2020)

1. Addition of the following references to the Bibliography (page 27):

Campbell C, Caldwell G, Coates P, Flatman R, Georgiou A, Horvath AR, Lam Q, Schenider H. *Consensus statement for the management and communication of high-risk laboratory results*. Clin Biochem Rev 2015;36(3):97-105

White GH, Campbell CA, Horvath AR. *Is This a Critical, Panic, Alarm, Urgent, or Markedly Abnormal Result?* Clin Chem 2014;60(12):1569-1570

Young AN, Dighe A, Beastall G, Contis LC, Fernandez-Calle P, Heseltine P, Horvath AR, Howerton D, Kachalia N, Misialek M, Nakhleh RE, Rhamy JF, Shuptar S, White GH. *CLSI Guideline GP47*, PA: Clinical and Laboratory Standards Institute. 2015

## Requirements for Supervision in the Clinical Governance of Medical Pathology Laboratories (Sixth Edition 2021)

1. Correction to page 8 – to remove the duplicate reference to S3.5(e) and correct to read S3.5(f) and S3.5(g).
