FOI DOCUMENT 7:

Criteria for Metropolitan and Regional MRI expansion process

For the Metropolitan and Regional MRI expansion process the criteria was as follows:

1. Operational' Medicare-ineligible MRI unit

The Medicare ineligible MRI unit must have been providing MRI services to patients on or before 10 May 2011 for it to be deemed operational.

2. Non- operational or 'planned' Medicare-ineligible MRI unit

Diagnostic Imaging Providers (Providers) must have evidence of an arrangement or contractual obligation which demonstrates a financial investment into the provision of an MRI service on or prior to 10 May 2011. Evidence would include:

- (i) Purchase of an MRI or associated equipment for a new unit.
- (ii) Evidence of capital works to house a new unit.
- (iii) Evidence of an agreement between a hospital and a private provider to install an MRI unit at the hospital.
- (iv) Evidence of a committed planning process, eg a development application to local council.

Metropolitan locations

Metropolitan locations were defined as major cities (as per the Australian Standard Geographical Classification – Remoteness Areas).

Successful MRI Units in metropolitan locations gained 'partial' Medicare eligibility. This means that these units have limited access to a suitable range of Medicare-eligible MRI services.

Regional locations

Regional locations were defined as a non-major cities (as per the Australian Standard Geographical Classification – Remoteness Areas).

Successful MRI Units in regional locations gained 'full' Medicare eligibility. This means that these units have access to the full range of Medicare-eligible MRI services.
