

# HEALTH CARE HOMES

Connected care for  
people with long-term  
health conditions

## My own care plan

With my doctor, we came up with a care plan  
that's good for me and my long-term health conditions.

## My own care team

My care team at the clinic or medical service are there  
if I want to have a yarn or if I have any health worries.

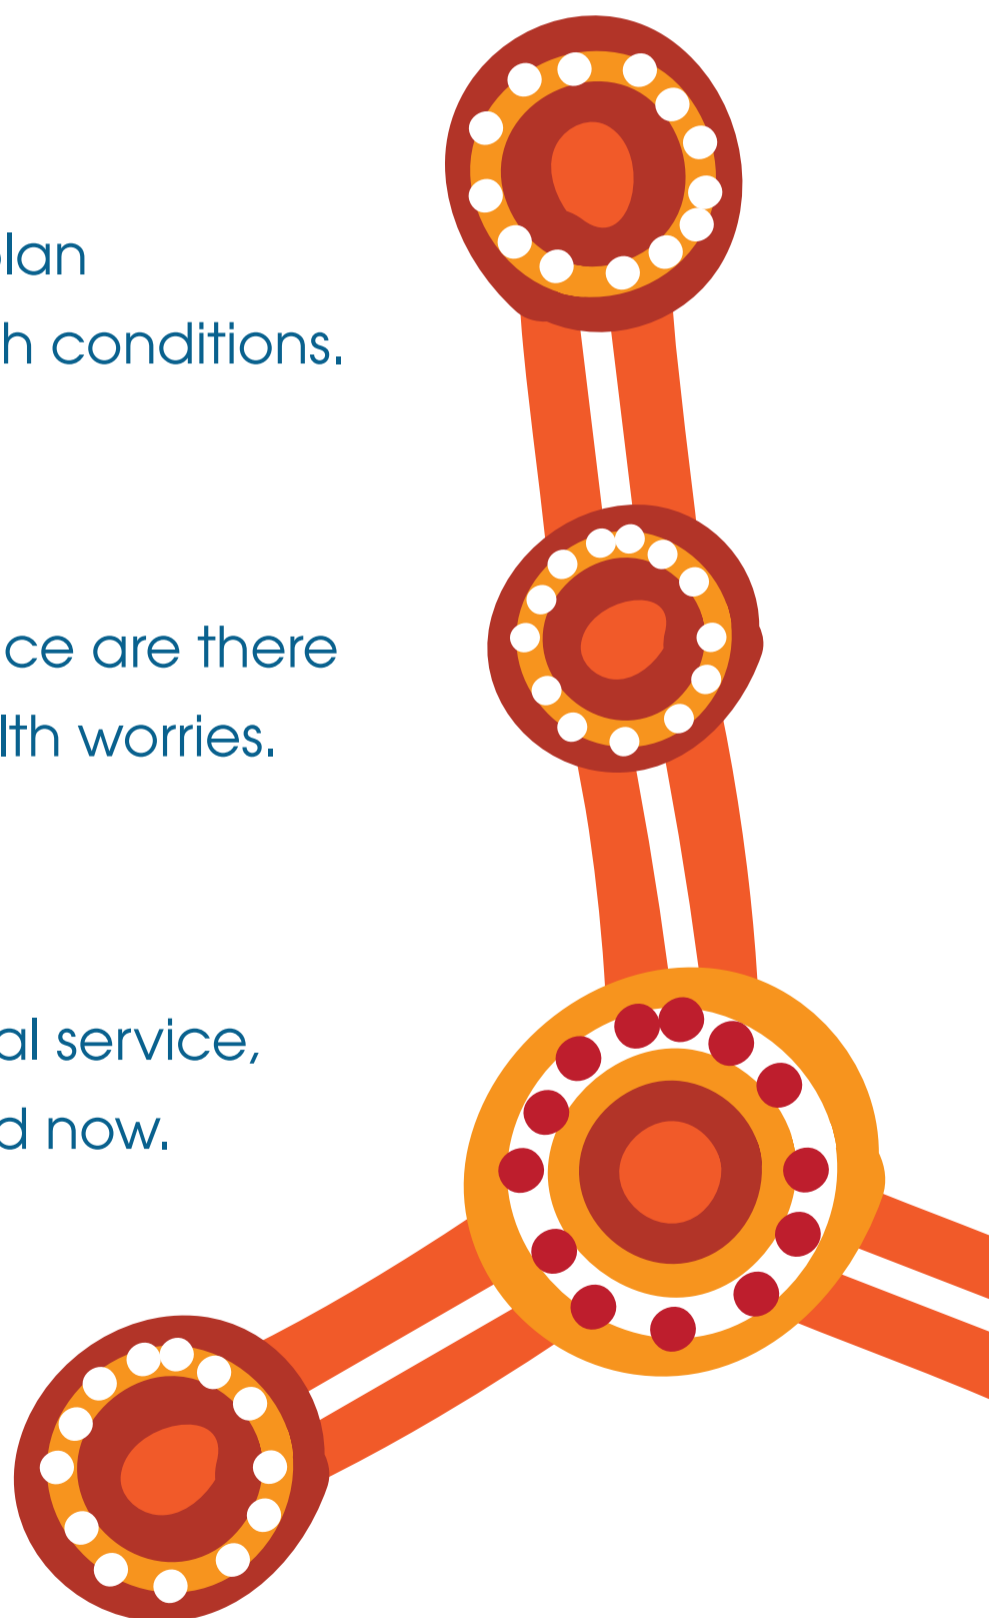

## Connecting my care

All the care I receive at the clinic or medical service,  
and from other doctors, is better connected now.
